could be so perfect for the you and your entire life. "Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly." "But the breed is nervous, dear. With a nervous breed, you just never know, do you? He held forth the single red rose. "For you. Not that it compares. No flower could." "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes. Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. "Wouldn't dream of asking you to make it a habit. Just this one time. If anguish, why not guilt?" For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him. Tom himself had decided to build a new life here, as well, assisting Agnes with her ever-expanding work. He was not yet sure whether this would include the rededication to his vows and a return to the Roman collar, or whether he would spend the rest of his days in civvies. He was delaying that decision until the Cain case was resolved. Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time. Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. "I ALWAYS EAT CAV-EE-JAR FOR BREAKFAST," said Velveeta Cheese in her stuffed-bear voice. Junior remembered the very words the detective had used: They say she died in a traffic accident. Forward, under the spreading black branches of the massive tree, receiving continuous green-tongued murmurs of encouragement from the breeze-stirred leaves, Barty was Barty, determined and undaunted. Agnes remembered the blood, the awful red flood. Excruciating pain and such fearsome crimson torrents. She'd thought her baby had entered the world stillborn on a tide of its own blood and hers. She could have used the chair. Sitting, however, she wouldn't be able to see his face. "It's all the same. Cars, trains, ships, all the same," Jacob insisted. "You remember the Toya Maru? Japanese ferry capsized back in September '54. Eleven hundred sixty-eight people dead. Or worse, in '48, off Manchuria, God almighty, the boiler exploded on a Chinese merchant ship, six thousand died. Six thousand on a single ship!" This venerable old building, as solidly constructed as a castle, was well-insulated; noises in other apartments rarely penetrated to Junior's. Never before had he heard a neighbor's voice distinctly enough to comprehend the words spoken-or, in this case, sung. By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days. Standing near the foot of the bed in a shapeless blue suit, Vanadium might have been the work of an eccentric artist who had carved a man out of Spam and dressed the meaty sculpture in thrift-shop threads. In the closet, a limited wardrobe did not fully occupy available rod space. On the floor, shoes were neatly arranged toe-to-heel. The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love. When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes. "What kept me going these past two and a half years was knowing that I could get my hands on Mr. Cain when I was finally well enough to do something about him." According to the cards, Barty would be rich financially, but also in talent, spirit, intellect. Rich in courage and honor, Maria promised. With a wealth of common sense, good judgment, and luck. In Oregon, standing at Junior Cain's bedside, turning a quarter across the knuckles of his left hand, Thomas Vanadium asks about the name that his suspect had spoken in the grip of a nightmare. With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident. To the growing pile of ruin, she added one of Joey's cardigan sweaters, after popping loose one bone button and almost completely detaching a sewn-on patch pocket. A pair of knockabout khaki pants: quickly clip open the seat seam; cut the corner of the wallet pocket, then rip it with both hands; snip loose some stitching and half detach the cuff on the left leg. As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows. Three times, the singing faded away, but twice, just when he thought that she had finished, she began to croon again. The third time, the silence lasted. Under the spoon to catch drips, she conveyed the shimmering sliver to Agnes's mouth. Maria arranged five place settings instead of four. The fifth--complete with silverware, waterglass, and wineglass--was at the head of the table, in memoriam of Joey. Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed. "He must've listened on the car radio," Agnes said, digging down into the layered days in her packed trunk of memories. "He was trying to get ahead of his work, so he'd be able to stay around the house a lot during the week after the baby came. So he arranged to meet with some prospective clients even on Sunday. He was working a lot, and I was trying to deliver my pies and meet my other obligations before the big day. We didn't have as much time together as usual, and even as impressed as he must've been with the sermon, he never had a chance to tell me about it. The next-to-last thing he ever said to me was 'Bartholomew.' He wanted me to name the baby Bartholomew." He found nothing especially gratifying, switched off the lights, and moved on to the living room. If Cain was coming home, he could glance up from the street and see lights ablaze here, so Vanadium resorted to a small flashlight, always carefully hooding the lens with one hand. Nevertheless, when the points of soreness in his brow and cheeks gradually grew worse, he stopped at a service station near Courtland, bought a bottle of Pepsi from a vending machine, and washed down yet another capsule of antihistamines. He also took another antiemetic, four aspirin, and--although he felt no trembling in his bowels--one more dose of paregoric. Junior Cain definitely was not a crazed sex-killer, not driven to homicide by weird lusts beyond his control. A single night of sex and death--an indulgence never to be repeated--wouldn't require serious self-examination or a reconsideration of his self-image. The paramedic snatched the oxygen feed from

his patient's nose and quickly elevated his head, providing a purge towel to catch the thin ejecta. If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all. The calls to Bellini in San Francisco and to others in Oregon were made with a prayer for news, but the prayer went unanswered. Cain had not been seen, heard from, smelled, intuited, or located by the pestering clairvoyants who had attached themselves to the sensational case. On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious. "You remember things?" the girl asked, her fingertips still pressed lightly to his cheek. This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2. She was also a cat lover, working with the Kitten Conservatory to save abandoned felines from death in the city pound. She was the charity's investment manager. Within ten months, Tammy grew twenty thousand in Conservatory funds into a quarter million by speculating in the stock of a South African firm that hit it big selling germ-warfare technology to North Korea, Pakistan, India, and the Republic of Tanzania, whose chief export was sisal. Junior drove them a little crazy by pretending not to understand their intent as they circled the issue like novice snake handlers warily looking for a safe grip on a coiled cobra. Terrified, the thorns pricking so close to his eyes, green points combing his lashes. He's too weak to resist, disabled. Celestina was amazed by her own courage in combat and by the steady calm that served her so well now. She wasn't shaken by the thought of what might have happened to her, and to her daughter, because her mind and her heart were with Wally-and because, having been watered with hope all of her life, she had a deep reservoir on which to draw in a time of drought. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." During Barty's hospitalization, they had graduated from the young adult novels by Robert Heinlein to some of the same author's science fiction for general audiences. Now, pajamaed and in bed, with his sunglasses on the nightstand but his padded eye patches still in place, Barty listened, rapt, to the beginning of Double Star. He remembered the collection of Caesar Zedd self-help drivel that had occupied a place of honor in the wife killer's former home in Spruce Hills. Cain owned a hardcover and a paperback of each of Zedd's works. The more expensive editions had been pristine, as though they were handled only with gloves; but the text in the paperbacks had been heavily underlined, and the corners of numerous pages had been bent to mark favorite passages. Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch. Heedless of the rules of standard police procedure, Tom raced to the doorway, crossed the threshold, and saw Barty throw a can of soda at the shaved head and pocked face of a transformed Enoch Cain. "What wound? Junior wanted to ask, but he recognized bait when he heard it, and he did not bite. "You don't get the heebie-jeebies," Max said. "You give 'em. Tell me what's wrong." He thought he heard the soft swoosh of knife-edge wings slicing the January air. He dared not look up. More in his throat. The agony. Darkness poured into his head, as if it were blood rising relentlessly from his flooded stomach and esophagus. When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. "There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know where they came from and why." Barty paced off the downstairs hallway to the kitchen, thinking about Dr. Jekyll and the hideous Mr. Hyde. He had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol. In truth, he was terrified. Although his need for her company was so profound that it seemed to arise from his marrow, a part of him marveled-and trembled-at his dedicated pursuit of her. Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to." He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about." NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style. Since discovering the quarter in his cheeseburger, Junior had been half convinced that the maniac cop survived the bludgeoning. In spite of his grievous wounds, perhaps Vanadium had swum up through a hundred feet of murky water, barely avoiding being drowned. Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too. "I'm a less philosophical sort than Kathleen," Nolly said, "so what I've been wondering is where you learned the tricks with the quarter. How is it you're priest, cop-and amateur magician?" Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters. Imagination like all living things lives now, and it lives with, from, on true change. Like all we do and have, it can be co-opted and degraded; but it survives commercial and didactic exploitation. The land outlasts the empires. The conquerors may leave desert where there was forest and meadow, but the rain will fall, the rivers will run to the sea. The unstable, mutable, untruthful realms of Once-upon-a-time are as much a part of human history and thought as the nations in our kaleidoscopic atlases, and some are more enduring. Now he shuffled the first of the four decks precisely as he had shuffled the first deck on Friday evening, and he set it aside. Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them. Breath held, Celestina confirmed what she had suspected about the child since the quick glimpse she'd had in the surgery. Its skin was cafe au lait with a warming touch of caramel. He raised the lower sash of the tall double-hung window and slipped quietly into the dark kitchen. Because the window served also as an emergency exit, it wasn't set above a counter, and ingress was easy. Sunday morning, when Agnes returned from church, Edom and Jacob joined her for lunch. During the afternoon, Jacob

helped her bake seven pies for Monday delivery..Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable..The big-headed, bulging-eyed, slit-mouthed runt had collected \$850,000 from Naomi's death, so the least he could do was provide a little information. He'd probably bill for the time, anyway.. "This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals..Teasing out the card, Edom saw that it was an ace of diamonds-remarkable in light of Maria Gonzalezs fortune'-telling session last Friday evening. He was more astonished, however, by the name printed in black ink diagonally across the face of the card: BARTHOLOMEW.. "You better wise up, you tree-humping nitwit," Rudy advised Junior, grabbing the bed railing as if he might tear it off and use it to club his son-in-law senseless..murdered would be discounted. And if every death was suspicious to him, then he would quickly lose interest in Junior and move on to a new enthusiasm, harassing some other poor devil..Routinely she dreamed of Joey. Not nightmares. No blood, no reliving of the horror. In her dreams, she was on a picnic with Joey or at a carnival with him. Walking a beach. Watching a movie. A warmth pervaded these scenes, an aura of companionship, love. Except eventually she always glanced away from Joey, and when she looked again, he was gone, and she knew that he was gone forever..Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks..The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his eyes. Leaving his cell he had felt the spellbonds loosen and fall away, but there were other spells woven about other buildings of the place, especially around a tall stone tower, filling the air with sticky lines of resistance and repulsion. If he tried to push forward into them his face and belly stung with jabs of agony, so that he looked at his body in horror for the wound; but there was no wound. Gagged and bound, without his voice and hands to work magic, he could do nothing against these spells. Licky had tied one end of a braided leather cord around his neck and held the other end, following him. He let Otter walk into a couple of the spells, and after that Otter avoided them. Where they were was plain enough: the dusty pathways bent to miss them..His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie.
