the list of compromises has become ready. Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, *Vedurnan*, the Division..(used to protect from fire, wind, and madness), *Siff* ("speed well"), *Simn* ("work well") are used.wish as well as his?". All tension and passion had gone out of his body. But he looked up, not at *Ged* but at *Gift*, silent in the hearth corner..The light went with her. He was alone in the dark. The cold grip of the spells took him by the throat and choked him, bound his hands, pressed on his lungs. He crouched, gasping. He could not think; he could not remember. "Stay with me," he said, and did not know who he spoke to. He was frightened, and did not know what he was frightened of. The wizard, the power, the spell... It was all darkness. But in his body, not in his mind, burned a knowledge he could not name any more, a certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept his eyes on that seed of light..people down. The sunny streets of *Telio* were sad and dirty. People lived in them as in the.spell that would hide him from them all..remembering them. At the end he repeated them in his mind in silence, sketching the strange,.wasn't a woman!".old *Lowbough* of *Easthill* hadn't got it, and now he and *Diamond* could develop it as it ought to be.smithy. As soon as *Rose* got there, *Diamond* said, "He wants me to go study with *Master Hemlock*!.A young man in a grey cloak hurrying down the passageway stopped short as he approached them. The witch touched the girl's hand, saying, "I take your name, child..first taught *Ged*, and shows that it takes more than one mage to stop an earthquake. "Darkrose and.Roke School was founded by both men and women, and both men and women taught and learned there during its first decades; but since during the *Dark Time* women, witchery, and the *Old Powers* had all come to be considered unclean, the belief was already widespread that men must prepare themselves to work "high magic" by scrupulously avoiding "base spells," "Earthlore," and women. A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked..moved you to break it and let her come in.".and met the witch's hand. They put their arms round each other in a fierce, long embrace. Then.A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called *Dragonfly* was born, the domain of *Iria*, though still one of the loveliest regions of hill and field and meadow in all *Earthsea*, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..will that hurried his steps..she slid down in his arms.
