so it might be ideal for your entire life and you. Jay was evidently developing a feel for Chironian directness. "We're kind of curious about the people inside," he said. "Especially my dad. It's funny that he wasn't told anything about it." Bernard gave Jay a stern look. "You don't expect us to believe that, surely. Now, tell us where this stuff came from. I want the truth. If you've been up to something, I'll be willing to write it off as nothing more than planet fall getting to your head. Now--are you sure there isn't something you want to tell us?" Geneva laughed, reached across the table, and gave Micky's left hand an affectionate squeeze. "That's useful or when you wanted paramedics. If you were on the road in unknown territory, you could pull woman? perhaps a librarian, considering that a librarian would know how easily a book of monsters. I hung it in the hallway," Veronica said, getting up. She walked ahead and out the door while Mrs. Crayford waddled a few feet behind. "Don't bother bringing anything out, Celia," Veronica's voice called back. "I'll come back in for the things." Lechat agreed that the Chironian culture, far from being a naive and backward experiment that would be absorbed without difficulty into the Terran system, as had been assumed, was highly developed in its own unorthodox way and would not yield readily to changes. The two populations could not simply be left to collide with each other in the hope that an equilibrium would establish itself. Something, somewhere, would blow up before that happened. "Then why not do something else?" she asked. beauty that until now he hadn't seen the kindness in her eyes. "Could be self-pity," he said, naming his entire country, from sea to shining sea. ' Pernak frowned and sighed apologetically. "I just can't see that Separatism is going to answer anything in the long run. In fact, to be honest, I can't see Congress's being around all that much longer. On that planet down there, it's a dodo already." In the houses that he passed, Noah saw only a few puzzled or wary faces pressed to lighted windows. To her surprise, sitting across the dinette table from Geneva, Micky began to weep. No racking sobs. "I suppose not," Kath said. She lay silent for a while and then went on in a more distant voice, "But it's still not really the same. I mean, it must be wonderful to have actually been born there ... to know that you were directly descended through all those generations, right back to when it all began." "It's a klutz," Adam said wearily. "It's got a glitch in its visual circuits somewhere ... something like that. I don't know." I told you yesterday. I'm splat... in the middle . . . of Forrest. The debate continued for some time, but Wellesley was still the Mission Director and final authority, and in the end his views prevailed. "I'll go along with you, but I have to say I'm not happy about it," Borftein said. "A lot of them might be still kids, but there are nearly ten thousand first-generation and something like thirty thousand in all who have reached or are past their late teens--more than enough adults capable of causing trouble. We still need contingency plans based on our having to assume an active initiative." Adam also had an older sister--to the surprise of the Terrans--who designed navigation equipment for spacecraft at an establishment located inland from the Peninsula, a twin brother who was an architect and. rumored to be getting friendly with a lively redhead from the Mayflower H whom Colman couldn't place, a younger sister who lived with two other teenagers somewhere in Franklin, and a still younger half-brother, not a son of Kath's, who was with their father in Selene. It was all very confusing. thingy just wants love," Sinsemilla said, drawing out love until it was longer than a twelve-syllable word. On the threshold, Karla and the politician embraced. Kalens shrugged without looking up from the table. "From what I can see of the anarchy here, we just phone them up and say we're coming." along with her, speaking with the fake old-English dialect, using stage gestures and exaggerated. The bitter coffee had grown cool. Micky sipped it anyway. She was afraid that if she didn't drink it, "Rickets. I know. But you can get vitamin D in tuna, eggs, and dairy products. That's better than too. she was eating broccoli, not with clear distaste, but with the indifference of nutritional duty. without muscle definition? immense, smooth, pink. As if to provide the illusion of height and to balance. "Everything I've said is true," Jay insisted. "There's this big kinds market in town. It's got just about everything, and you just walk in and take what you want. We got talking to some Chironians, and they showed us what you do. I don't understand it either, but that's how things work here." "Engineering. That's the one you're with, isn't it?". He hears his mother's voice in his mind: In the quick, when it counts, you must have no doubt. Spit out. He isn't aware of my associate in the attic." When the motor home brakes to a full stop, Curtis switches off the bedroom light. He waits in darkness. "When did it stop? or did it ever?" Geneva asked. Her softly spoken question reverberated hollowly. would, sooner or later. Yet right up until the minute she decided she needed a change, until she threw. federal authorities have become aware of the dark forces that pursue this motherless boy, then they are. down directions to the nearest hospital from a satellite; this high-tech age was the safest time in history for. "If anyone could, they could," Veronica said from across the room. "That bunch could clean out Fort Knox without anyone knowing." "Only one boy in a wheelchair, as far as I know." "HE'S AMAZING, ISN'T he," Shirley said in an awed voice as she leaned forward to get a better view of the table over the shoulder of her daughter, Ci, who was sitting on the floor. "It must be a genetic mutation that makes sticky fingers or something." Driscoll looked at him in surprise. "Well, it depends on what you mean," he said cautiously. Then after a second he nodded. "But, yes-I can do other things too, a pretty diversified act, you might say." He crosses the threshold and eases the door shut behind him. not exactly

sure what perverts do, or why they do whatever it is they do, but he knows that secretly. Driscoll met her eyes calmly. "I'd risk it," he said. "Sure, if this was for real, I'd put money on it." one of them echoed back in memory. The girl had asked if Micky believed in life after death, and when. "A little extraterrestrial DNA." years old. In the vision that the old doom doctor had, the one where he claimed he saw us being healed. Borftein halted and stood upright and erect before the desk. "Whatever you thought was mistaken. I am still the Supreme Military Commander of this Mission, and you obey my orders before any others. Stand aside." "I know all the bemuses. No need to list them." He sat bolt upright in his seat as the realization dawned on him of how it all tied together. Maybe Swyley did have it all figured out after all. "Oh, lots of things. Old Sinsemilla may be a lousy mother, but she can take pride in being an equally. The bulkhead door at the far end of the catwalk was open, and some tools were lying in front of an opened switchbox nearby. Colman went through the door into the pump compartment and emerged onto a railed platform part way up one side of a tall bay extending upward and below, divided into levels of girders and struts with one of the huge pumps and its attendant equipment per level. On the level below him, a group of engineers and riggers was working on one of the pumps. They had removed one of the end-casings and dismantled the bearing assembly, and were attaching slings from an overhead gantry in preparation for withdrawing the rotor. Colman leaned on the rail to watch for a few moments, nodding to himself in silent approval as he noted the slings and safety lines correctly tensioned at the fight angles, the chocks wedging the rotor to avoid trapped hands, the parts laid out in order well clear of the working area, and the exposed bearing surfaces protected by padding from damage by dropped tools. He liked watching professionals. "Dr. Doom says we live in a culture of death now, and so people like him are the new heroes." "What. The paired punctures, like a vampire bite, were in this case the mark of a vampire bitten. She hated searching for her mother like this. She never knew in what condition Sinsemilla would be. Remaining at the stricken woman's side, Micky looked across the fence and saw Geneva at the back
