"Retinoblastoma is usually unilateral," Dr. Chan continued, "occurring in one eye. Bartholomew has tumors in both.".The magazine covers were colorful, lurid, full of violence and eeriness and the coy sexual suggestiveness of a more innocent time. Most days, he read a story while eating the two pieces of fruit that were his lunch, but sometimes he lost himself in a particularly vivid illustration, daydreaming about far places and great adventures..His enjoyment of the art was diminished by these associations, and as Junior turned away from Industrial Woman, his attention was suddenly captured by the quarters. Three lay on the floor at her gear wheel-and-meat-cleaver feet. They had not been here earlier..In a sudden desperate burst of action, Junior tore at the dead man's closed hand, sprang open the trap of fingers and palm-and did not find a quarter. Nor two dimes and a nickel. Nor five nickels. Nothing. Zip. Zero.. "For the love of God," Junior pleaded, "can't you please give me

something for the pain?" He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early." So smoothly did the waiter move, that three martinis on a corklined mahogany tray seemed to float across the room in front of him and then hover beside their table while he served the cocktails to the lady first, the guest second, and the host third. Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him. He had visited the library primarily to confirm that Harrison White was unquestionably dead. He'd shot the man four times. Two bullets in the gas tank of the stolen Pontiac destroyed the parsonage and should have incinerated the reverend. When you were dealing with black magic, however, you could never be too cautious. During those spells when she was too shaky to draw, she stood at the window, gazing at the storied city. THE GENEROUS EXPENSE allowance provided by Simon Magusson paid for a three-room suite at a comfortable hotel. One bedroom for Tom Vanadium, one for Celestina and Angel. Sitting in the client's chair, across the cigarette-scarred desk from Nolly, Junior heard or imagined that he heard the scurry of tiny rodent feet behind him, and something chewing on paper inside a pair of rust spotted filing cabinets. Repeatedly, he wiped at the back of his neck or reached down to rub a hand over his ankles, convinced that insects were crawling on him. But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same. By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house. At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca." A car waited at the curb in front of the park. Dr. Salks two associates stood beside it and seemed to have been there awhile. Against the sight of Franklin Chan's pity, which implied the hopelessness of Barty's condition, Agnes closed her eyes. But she opened them at once, because this chosen darkness reminded her that unwanted darkness might be Barty's fate. A MOMENTOUS DAY for Celestina, a night of nights, and a new dawn in the forecast: Here began the life about which she'd dreamed since she was a young girl. Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine. Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still. Seraphim's child had been alive as long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him. She was not yet twenty-one, and he was at least twice her age, but he leaned like a small child against her, and like a mother she comforted him. On the short return trip to the ophthalmologist, Agnes crazily considered driving past Chan's office building, cruising onward--ever onward--into the sparkling December night, not just back to Bright Beach, where the bad news would simply come by phone, but to places so far away that the diagnosis could never catch up to them, where the disease would remain unnamed and therefore would have no power over Barty. Now that efforts were being made to control the preeclampsia, Dr. Daines had scheduled a series of tests for the following day. He expected to recommend a cesarean section as soon as Phimie's e's blood pressure was reduced and stabilized, but he didn't want to risk this surgery before determining what complications might have resulted from her restricted diet and the compression of her abdomen. When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew. Using the straight edge of a ruler to guide his eye down each column, Junior searched for Bartholomew, ignoring surnames. He had already checked to see if anyone in the county had Bartholomew for a last name; no one in this directory did. Sad symbols of a romance not meant to be, the red rose and the bottle of wine lay on the floor of the foyer. With the corpse gone, no signs of violence remained. Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser. "He must've listened on the car radio," Agnes said, digging down into the layered days in her packed trunk of memories. "He was trying to get ahead of his work, so he'd be able to stay around the house a lot during the week after the baby came. So he arranged to meet with some prospective clients even on Sunday. He was working a lot, and I was trying to deliver my pies and meet my other obligations before the big day. We didn't have as much time together as usual, and even as impressed as he must've been with the sermon, he never had a chance to tell me about it. The next-to-last thing he ever said to me was 'Bartholomew.' He wanted me to name the baby Bartholomew." Finding nothing more of interest in the study, he considered searching the rest of the house. "Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds. Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal. The infant Bartholomew was here in San Francisco. He must be found. He must be dispatched. By the time Junior devised a plan of action to locate the child, he was so hot with anger that he was sweating, and he stripped off one of his two pairs of briefs. "Apple juice, lime Jell-O, and four soda crackers," said the detective. "If you don't have enough of a conscience to make you confess," "Well, we have earthquakes here," Jolene said, "but back east they have all those hurricanes." Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding. As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from him, and toward the window once more. Lientery's work met the criteria of great art, about which Junior had learned in art-appreciation courses. It undermined his sense of reality, left him wary, filled him with angst and with loathing for the human condition, and made him wish he hadn't just eaten dinner. As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release. After the song concluded, Junior felt better. His heartbeat soon returned to normal. The damp palms of his hands grew dry. He intended to mash the sole of Victoria's right shoe in the pat

of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens..It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all..The day before Christmas, along the California coast. Although sun gilded the morning, clouds gathered in the afternoon, but no snow would ease sled runners across these roofs..As woe begone a widower as anyone could expect, Junior spent every night home alone. By Sunday, he'd slept without companionship eight nights since being discharged from the hospital..Eventually, dinner over, cleanup finished, when Maria and the uncles had gone, Agnes and Barty faced the stairs together. She followed, holding his cane, which he said he preferred not to use in the house, prepared to catch him if he stumbled..WHEN AT LAST Paul Damascus reached the parsonage late Friday afternoon, January 12, he arrived on foot, as he arrived everywhere these days..Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore..A cold wetness just above the crook of his left elbow. A sting. A tourniquet of flexible rubber tubing had been tied around his left arm, to make a vein swell more visibly, and the sting had been the prick of a hypodermic needle..At the end of his fourth month, instead of in his seventh, he said "Mama," and clearly knew what it meant. He repeated it when he wanted to get her attention..Sometimes Barty could be fierce in his independence-his mother told him so-and now he rebuffed Angel too sharply. "I don't want to be waited on. I'm not helpless, you know. I can get sodas myself" By the time he reached the doorway, he felt sorry for his tone, and he looked back toward where the window seat must be. "Angel?".Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror..Yes, he suspected that he would require a great deal of rest to prepare himself for this vixen. Even in her loose white uniform and stodgy rubber-soled shoes, she was an incomparably erotic figure. She would be a lioness in bed..Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them..Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter..A stab of horror punctured Celestina as she failed to repress a mental image of a carnival-sideshow monster, half dragon and half insect, coiled in her sister's womb. She hated the rapist's child but was appalled by her hatred, for the baby was blameless.. "We have dams, though," said Jacob, gesturing with his fork. "The Johnstown Flood, 1889. Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire families were swept from the earth. Ninety-eight children lost both parents..".Previously, Miss Pixie Lee had been from Texas, but Angel had recently heard that Georgia was famous for its peaches, which at once captured her imagination. Now Pixie Lee had a new life in a Georgia mansion carved out of a giant peach..With her brothers, she adjourned to the waiting room, where the three of them sat drinking vending-machine coffee, black, from paper cups..She woke weeping from the dreams, and she wanted no witnesses. She wasn't embarrassed by her tears. She just didn't want to share them with anyone but Barty..Vanadium owned so few clothes that the two bags had sufficient capacity to accommodate half the contents of the closet and dresser.
