Better still, he was able to have the girl to the accompaniment of her father's voice, which was even kinkier than doing her in the parsonage. When Junior rang the bell, Seraphim had been in her room, listening to a tape of a sermon her father was composing. The good reverend usually dictated a first draft, which his daughter then transcribed. For three hours, Junior went at her mercilessly, to the rhythms of her father's voice. The reverend's "presence" was deliciously perverse and stimulating to his sense of erotic invention. When Junior was finished, there was nothing sexual that Seraphim could ever do with a man that she had not learned from him..After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained.. "Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you

had a better take on him than I did, Mr. Cain." "I'm gifted to a small extent, and it's an unusual gift," he admitted. "Nothing world-shaking. More than anything, really, it's a special perception I've been given. Angel's gift seems to be different from mine but related. In fifty years, she's the first I've ever met who's somewhat like me. I'm still shaking inside from the shock of finding her. But please, let's save this for Bright Beach and a better evening. You go down there tomorrow with Paul, okay? I'll stay here to look after Wally. When he's able to travel, I'll bring him with me. I know you'll want him to hear what I have to say, too. Is it a deal?" Adding new growth to his forest of frustration, Tom got up from the study desk, fetched the newspaper from the front doorstep, and went to the kitchen to make his morning coffee. He boiled up a pot of strong brew and sat down at the knotty-pine table with a steaming mug full of black and sugarless solace. 'A energy fighting over jurisdiction. We cooperate. The sheriff can de not to put a lot of his limited resources into this, and no one will blame him. He can call it an accident and close the case, and he won't. Shuddering, rubbing furiously at himself, he stumbled into the bathroom. In the mirror, he confronted a face he hardly recognized: swollen, lumpy peppered with red hives. RED SKY IN THE morning, sailors take warning; red sky at night, sailors delight. Now, without realizing when it had happened, he had been lowered from his knees to his right side. Head elevated and tilted by one of the paramedics. So he could expel the bile, the blood, rather than choke on it. The accountant lived in a white Georgian house on a street lined with huge old evergreens. Besides, being a future-focused guy who believed that the past was a burden best shed, he never made an effort to nurture memories. Sentimental wallowing in nostalgia had none of the appeal for him that it had for most people. Dining room. Two place settings at one end of the table. Wineglasses. Two ornate pewter candlesticks, candles not yet lit. With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him. Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash. Nurses were supposed to be angels of mercy. She had shown him no mercy. And she was certainly no angel. He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him. The hospital was drowned in the bottomless silence that fills places of human habitation only in the few hours before dawn, when the needs and hungers' and fears of one day are forgotten and those of the next are. Escorting her home didn't require either a car or a long walk, because she lived upstairs in the hotel where he'd had dinner. The top three floors of the building featured enormous owner-occupied apartments. Junior was vigilant. He took note of all those who approached the piano, whether they dropped money in the fishbowl or not. All the way to the nightstand, he expected to discover that the revolver had been taken from the drawer. Yet here it was. Loaded. "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment. White as a Viking winter, these magnificent choppers, and as straight as the kernel rows in the corn on Odin's high table. Superb occlusal surfaces. Exquisite incisor ledges. Bicuspid of textbook formation nestled in perfect alignment between molars and canines. He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow. Everyone regarded him expectantly, as if there would be more magic, as if flipping a coin into another reality was something you saw every week or two on the Ed Sullivan Show, between the acrobats and the jugglers who could balance ten spinning plates on ten tall sticks simultaneously. Agnes was grateful for the speed with which these arrangements were made, but she was also disturbed. Chan's expeditious management of Barty's case resulted in part from his friendship with Joshua, but an urgency arose, as well, during his examination of the boy, from a suspicion that he remained reluctant to put into words. Dr. Morley Schurr, the oncologist, who had offices in a building near Hoag Hospital, proved to be tall and portly, although otherwise much like Franklin Chan: kind, calm, and confident. Dropped, the wineglass had shattered. But the bottle of Merlot had survived again, rolling across the vinyl-tile floor until it bumped gently against the base of a cabinet. "Then I'll attend to everything right away," the doctor said, reaching for the privacy curtain that surrounded the ER bed. Draped across his midsection, the terrible cold weight had chilled his flesh; but now his bone marrow prickled with ice at the thought of the birthmarked detective sitting silently in the dark, watching. Junior would have preferred dealing with Naomi, dead and risen and seriously pissed, rather than with this dangerously patient man. Heaven, and his words touched a tenderness in her, overlaying an arc of pain across the curve of her smile. "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided all loyalties. No commonwealth was left and no justice, only the will of the wealthy. Men of noble houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord, claiming lands and cities as his property. The warlords made those they conquered slaves, and those they hired were in truth slaves, having only their masters to safeguard them from rival warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless, miserable men dispossessed of their living, driven by hunger to raid and rob." The lunatic lawman was not at any of the tables. Junior was sure of that, because indulging his appreciation for lovely women, he had roamed the room repeatedly with his gaze. Agnes wanted to tell them that all their efforts would be to no avail, that they should cease and desist, be kind and let her go. She had no reason to stay here anymore. She was moving on to be with her dead husband and her dead baby, moving on to a place where there was no pain, where no one was as poor as. The guesswork of a wizard is close to knowledge, though he may not know what it is he knows. The first sign of Otter's gift, when he was two or three years old, was his ability to go straight to anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a boy one of his dearest pleasures had been to go alone out into the countryside and wander along the lanes or over the hills, feeling through the soles of his bare feet and throughout his body the veins of water underground, the lodes and knots of ore, the lay and interfolding of the kinds of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the descents to airy caverns, the glimmer of branched silver in the walls; and as he went on, it was as if his body became the body of earth, and he knew its arteries and organs and muscles as his own. This power had been a delight to him as a boy. He had never sought any use for it. It had been his secret. Bolting up from the couch--"Mom, are you there?"--she turned to Tom, her face collapsing in a ghastly expression. Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank?. their work, tears were followed by reminiscences that brought a

smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness..He'd listened to the message and thought it incomprehensible, of no import. Suddenly, tardy intuition told him that it could not have been any more important to him if it had been dead Naomi calling from beyond the grave to leave testimony for the detective..Looking from one to another of his companions, Tom said, "When I think of everything that had to happen to bring us here tonight, the tragedies as well as the happy turns of fortune, when I think of the many ways things might have been, with all of us scattered and some of us never having met, I know we belong here, for we've arrived against all odds." His gaze traveled back to Agnes, and he gave her the answer that he knew she hoped to hear. "This boy and this girl were born to meet, for reasons only time will reveal, and all of us ... we're the instruments of some strange destiny.."He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep..He gently drew the covers over his wife's ruined body, to her thin shoulders, but arranged her right arm on top of the blankets. He straightened and smoothed the folded-back flap of the top sheet.. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-". The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day..". "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us..". Even as this news pleased Junior, it also saddened him. He was not merely interring a lovely wife, but also his first child. He was burying his family.. "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non."
