As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies.."Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean."Piano music drifted into the restaurant from the adjacent bar, so soft and yet sprightly that it made the clink of silverware seem like music, too..After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint..As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy..Her voice grew thinner when she spoke to Angel, but in this new frailty, Barty heard such

love that he shook at the power of it. "God's in you, Angel, so strong you shine, and nothing bad at all." Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-". Although weak, he was no longer in danger of spewing bile and blood like a harpooned whale. The siege had passed. Traditional logic argued that an infant, no more than two weeks old, could not be a serious threat to a grown man. Everyone from the pie caravan had gathered under the oak. The entire family, in its many names, adults and children, heads tipped back hands shielding their eyes from the late sun, watched Barty's progress in all but complete silence. The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable. it to the granite-topped secretary, and sat in front of the telephone. Previously, Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body. Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming. On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen. MONDAY MORNING, far above Joe Lampion's grave, the translucent blue California sky shed a rain of light so pure and clear that the world seemed to have been washed clean of all its stains. This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash-yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it. Her hands shook as she counted out the fare and the tip from her wallet. "I'm scared sick. Maybe you should just take me right back home." The syphilitic-monkey comparison struck Tom Vanadium as bizarre, but it turned out to be a sober judgment based on experience. In his fifties, Sparky had worked as the chief of maintenance at a medical-research laboratory, where-among other projects-monkeys had been intentionally infected with syphilis and then observed over their life span. In the terminal stages, some of the primates engaged in such out? behavior that they had prepared Sparky for his eventual encounter with Enoch Cain. More than twice, worried nurses-and even a resident internist braved the tumult to check on Junior's condition. They asked if he really felt up to entertaining visitors, these visitors. The presence of the brochure disturbed Vanadium also because he assumed that after being dead-ended by Nolly, Cain had subsequently discovered that Celestina had taken custody of the baby to raise it as her own. For some reason, the nine-toed wonder originally believed the child was a boy, but if he'd tracked down Celestina, he now knew the truth. Prosser-fifty-six, a widower, an accountant-had a thirty-year-old daughter, Zelda, who was an attorney in San Francisco. Junior had driven to Terra Linda previously, to research the accountant; he already knew Prosser had no connection to Seraphim's fateful child. After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet. faiths and inhibiting rules that confused humanity, when he was sufficiently enlightened to believe only in himself, he would be able to trust his instincts, for they would be free of society's toxic views, and he would be assured of success and happiness if always he followed these gut feelings. Holding fast to the boy's right foot, Jacob observed that one elevator might descend safely but that if they took two, one or the other was certain to crash to the bottom of the shaft, considering the unreliability of all machinery made by man. The Hackachaks were present, of course. Junior had not yet agreed to join them in their pursuit of blood money. They would give him little privacy or rest until they had what they wanted. Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home. Junior held the silencer-fitted 9-mm pistol under his left arm, clamped against his side, freeing both hands to use the automatic pick. Otter hesitated and said, "Yes." An exceptionally attractive woman, alone at the bar, stirred his desire. Glossy black hair: the tresses of night itself, shorn from the sky. Tom Vanadium rose to his feet and, with one hand on Barty's shoulder, he surveyed the faces of those gathered on the porch. Most of these people were such new acquaintances that they were all but strangers to him. Nevertheless, for the first time since his early days in St. Anselmo's Orphanage, he'd found a place where he belonged. This felt like home. Junior raised his voice even further: "In those old movies, the Little Rascals." "Paul told us the night he first came to the parsonage. About Agnes here ... and what had happened to Barty. And all about his late wife, Perri. I feel like I know Bright Beach already." "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas. She walked the corridor until she came to a room with empty beds. Without turning on the lights, she entered, put down the suitcase, and sat in a chair by the window.
