detail, it may be perfect for you and your entire life. Grinning but with an odd edge of concern in his expression that Celestina could see even through her tears, Wally said, "Does that mean you ... you will?". Paul in the guest room again. Sweeping a bedside lamp to the floor, lifting the nightstand. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends. Perri was often fast asleep by nine-thirty, seldom later than ten o'clock while Paul never turned in earlier than midnight or one in the morning. In the later hours, to the reassuring susurrations of his wife's breathing, he returned to his pulp adventures. "Yellow, yellow, yellow, yellow," Angel said with satisfaction as she examined herself in the mirrored closet door. This was tedious work and might cost bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point. Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own. This was different earthquake weather from that of ten days ago, when he'd made the pie deliveries alone. Then: blue sky, unseasonable warmth, low humidity. Now: low gray clouds, cool air, high humidity. "Too bad. You might have used that to bargain with." Move, move, like a runaway train, leaving the dead nuns--or at least one dead musician--far behind. Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy. This bond between the Lampion and White families, which Grace had already heard about from Paul, came as news to Celestina as much as to Agnes. It inspired more reminiscences of lost husbands and the wistful wish that Joey and Harrison could have met. "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person." In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown. He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail. "You'll catch pneumonia," she warned, reaching across the boy to flip the passenger's-side vent toward him. He never passed through a phase during which he grew resistant to hugging or kissing. He was a hand-holding, cuddling boy to whom displays of affection came easily. Once in a while, however, he reverted to his roots, to the food that gave him comfort. Thus, the cheeseburger and its decadent accoutrements. Tom didn't understand Edom's comment or the smiles that it drew, but otherwise, he was impressed by the ease with which these people absorbed what he had said and by the imagination with which they began to expand upon his speculation. It was almost as though they had long known the shape of what he'd told them and that he was only filling in a few confirming details. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair. Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible." Most likely, Reverend White's ramblings were as greasy with sentiment and oily with irrational optimism as were his daughter's paintings, so Junior was in no hurry to learn the name of the radio program or to write for a transcript of the sermon. Seraphim's child had been alive as long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him. After a few racing steps, when the dog realized that Mary hadn't thrown the ball, it whipped around and sprinted back. After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier. Celestina had a delayed reaction to Barty's name. An odd look came over her. "Barty? Short for ... Bartholomew?". To believe that any man with such a hard gut slung over his belt, with a bull neck. The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs. Suddenly Junior intuited the identity of the man in the chair. Beyond question, this was the plainclothes police officer with the birthmark. excited, shrieking. Branch to branch, the flapping of wings is leathery, demonic. The only other sounds are the thud. "though this Tom now has a rhinoceros-smacked face, this other Tom, in his own world, has an ordinary face. Poor him, so ordinary." The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float." From the moment the girl was admitted on the evening of January 5, the nurses at St. Mary's Hospital in San Francisco called her Phemie, too, not because they knew her well enough to love her, but because that was the name they heard Celestina use. "I can't." "Or at least, if the police knew the truth at that time, they hadn't yet gone public with it. I had no reason to mention it to you back then. I didn't even know Vanadium was missing." He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim. The unmatched suite of bedroom furniture, cheap and scarred, might have been purchased at a thrift shop. A double bed and one nightstand. A small dresser. Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others. "One of the four legs of the tower is dangerously fractured where it's seated into the underlying foundation caisson." Martinis were ordered all around. None here observed a vow of absolute sobriety. To see his newborn baby girl, Barty shared the sight of other Bartys, and he so adored this little wrinkled Mary that he sustained his vision all day, until a thunderous migraine became too much to bear and a sudden frightening slurring of speech drove him back to the comfort of blindness. The gunshot was louder--and the pain initially less--than he expected. Timpani-boom, timpani-boom, the explosion echoed back and forth through the high-ceilinged apartment. On other nights, she had overheard this and been touched. On this Christmas Eve, however, it filled her with wonder and wondering, for she recalled their conversation earlier, at Joey's grave. Jacob cooked corn bread, cheese-and-parsley omelettes, and crisp home fries with a dash of onion salt. Although Vanadium had been morally certain about

the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm..He managed to hold the towel around his foot, but it grew dark red and disgustingly mushy..Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time..Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . .".During Barty's hospitalization, they had graduated from the young adult novels by Robert Heinlein to some of the same author's science fiction for general audiences. Now, pajamaed and in bed, with his sunglasses on the nightstand but his padded eye patches still in place, Barty listened, rapt, to the beginning of Double Star.By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days.. "Supposing he's senile, wouldn't he possibly think you were his long- lost brother or someone?". Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..Phimie's eyes widened, her hand tightened painfully on her sister's hand, her entire body convulsed, thrashed, and she cried, "Unnn, unnn, unnn!".He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness.. "I want you to adopt the baby." Before they could react, she hurried on: "I won't be twenty-one for four months yet, and even then they might give me trouble about adopting, even though I'm her aunt, because I'm single. But if you adopt her, I'll raise her. I promise I will. I'll take full responsibility. You don't have to worry that I'll regret it or that I'll ever want to drop her in your laps and escape the responsibility. She'll have to be the center of my life from here on. I understand that. I accept it. I embrace it..".Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-".Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale.. "No pie!" Agnes agreed. She parenthesized his head with her hands and punctuated his sweet face with kisses..Junior reached the window seat and stared down at her. "I don't believe that's true..".After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust--red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob,. This Detroit-built gondola would swiftly navigate the Styx without a black-robed gondolier to pole it onward..This time, even San Francisco, under a Chinese-blue sky stippled with a cloisonne of silver-and-gold clouds, couldn't provide solace or calm Celestina's nerves. Her sister's dilemma wasn't as easily put out of mind as any problem of her own might have been-and she herself had never been in such an awful situation as Phimie was now.. "How's something so delicious come from a fat, smelly, dirty, snorting old pig?". Everyone confronted Agnes with expressions of puzzlement and expectation, and she looked from one to another. Paul. Maria. Francesca. Bonita. Grace. Edom. Jacob. Finally Celestina..When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now..". "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either."
