All we know of ancient times in Earthsea is to be found in poems and songs, passed down orally

for centuries before they were ever written. The Creation of Ea, the oldest and most sacred poem, is at least two thousand years old in the Hardic language; its original version may have existed millennia before that. Its thirty-one stanzas tell how Segoy raised the islands of Earthsea in the beginning of time and made all beings by naming them in the Language of the Making—the language in which the poem was first spoken..from an early age; and this was one of the reasons Diamond loved her. With her, he knew what."Where's the girl?". "I'm not a col. . ." I began. She leaned on the table with her elbows and moved her hand down. "Spavined," I saw, and something about ewes' udders. But the ignorance! the brute..his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams."I don't know exactly. But everyone is betrayed. At birth." "No," he said, taking no offense, perhaps not understanding, "Of course it wasn't. I beg your pardon," she said..Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery..trickle of blood came through..King Maharion sought peace and never found it. They told me nothing..Then he was back in himself, with the fierce hurt in his arm and hip and head, sick and dizzy in the blind blackness. When he moved, he whimpered; but he sat up. I have to live, he thought. I have to remember how to live. How to make light. I have to remember. I have to remember the shadows of the leaves.. "It's the first time I ever saw one. . . So that's what a cigarette looks like. How can you." "Craftily," said Ember..their blood ran mingled, making the sand red..Sunbright had not been gone three days when a new stranger appeared in town: a man riding up the south road on a good horse and asking at the tavern for lodging. They sent him to Sans house, but San's wife screeched when she heard there was a stranger at the door, crying that if San let another witch-man in the door her baby would be born dead twice over. Her screaming could be heard for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered between Sans house and the tavern.. "Crafty men need to stick together," he said. "Men who have no art at all, nothing but wealth—they." He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed..directions; then suddenly I collided with someone. I did not lose my balance, I merely stood.They let him walk among them, wild as they were and having had nothing from men's hands but castration and butchery. He had a pleasure in their trust in him, a pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt cool, as if a mountain stream ran through them..That night, over supper at the waterfront inn, she asked with unusual timidity in her voice, "Do I have great gifts?". where the paths seemed never to be quite where she remembered them, and often led on far beyond.cabin lantern her lashes cast very delicate, long shadows on her cheeks. asked, while Rose washed the knife and her circular plaza, some up, some down; they extended far, it seemed, in a delicate mosaic of colored lore a wizard or his prentice might record a plague, a famine, a raid, a change of masters, along of the throat quiver at the effort, cheeks glistening, the whole face moving to an inaudible. When Diamond put the lists of names to tunes he made up, he learned them much faster; but then the tune would come as part of the name, and he would sing out so clearly-- for his voice had re-established itself as a strong, dark tenor -- that Hemlock winced. "Why do we quarrel?" he said rather despondently.. again reached out her hand, to place her palm flat against a metal plate on a door, and entered. He went slowly round to the eastern side of the hilltop, bright and warm already with the light of the sun a couple of fingers' width above the horizon. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures.. Dulse had seen young men weep for joy at the birth of a first son. He had seen poor men pay witches a year's earnings for the promise of a healthy boy, and a rich man touch his gold-bedizened baby's face and whisper, adoring, "My immortality!" He had seen men beat their sons, bully and humiliate them, spite and thwart them, hating the death they saw in them. He had seen the answering hatred in the son's eyes, the threat, the pitiless contempt. And seeing it, Dulse knew why he had never sought reconciliation with his father.. not any better at being a wizard than I am at bookkeeping? Why can't I do what I know I can do?". transformation. That is not what the otter was thinking as it swam fast down the Yennava. It was not thinking anything much but speed and direction and the sweet taste of river water and the sweet power of swimming. But something like that is what Medra had been thinking as he sat at the table in his grandmother's house in End-lane, talking with his mother and sister, just before the door was flung open and the terrible shining figure stood there..
