Forty years and more ago, there was a child born on the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. She seldom thought to do anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she asked for, dinner, a toad of her own, the amethyst necklace, lessons in witchcraft. She would have provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself from an early age; and this was one of the reasons Diamond loved her. With her, he knew what freedom was. Without her, he could attain it only when he was hearing and singing and playing music..There are some who say that the school had its beginnings far differently. They say that Roke used to be ruled by a woman called the Dark Woman, who was in league..with the Old Powers of the earth. They say she lived in a cave under Roke Knoll, never coming into the daylight, but weaving vast spells over land and sea that compelled men to her evil will, until the first Archmage came to Roke, unsealed and entered the cave, defeated the Dark Woman, and took her place..magnified in white sweeping surfaces. The power.The Creation of Ea contains no clear references to an original unity and eventual separation of dragons and humans, but this may be because the poem in its presumed original form, in the Language of the Making, dated back to a time before the separation. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon.
