Considering his battered and stitched face, considering also his tragic and colorful history, Vanadium spoke with remarkably little drama. His voice was calm, nearly flat, rising and falling so little that he almost talked in a monotone..He hadn't the slightest doubt that eventually he could romance Renee into marriage, regardless of her wealth and sophistication. He could shape women to his desire as easily as Sklent could paint his brilliant visions on canvas, easier than Wroth Griskin could cast bronze into disturbing works of art..I. In the Dark Time. She slept for a while, waking to a prayer spoken softly but fervently in Spanish..He pointed at his feet. "Toes, toes, toes, toes, toes, toes, toes, toes, toes, toes." To the waiter, Nolly was Nolly, Kathleen was Mrs. Wulfstan, and Tom Vanadium was sir--though not the usual perfunctorily polite sir, but sir with deferential emphasis. Tom was unknown to the waiter, but his shattered face gave him gravitas; besides, he possessed a quality, quite separate from carriage and demeanor and attitude, an ineffable something, that inspired respect and even trust.. "Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina." Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of failing flakes, of white muffling mantles, and she wouldn't have been in the least surprised if, stepping outside, she had found

herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific. Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." As kids living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God—they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches. JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza. Maria Elena Gonzalez—no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square—joined Agnes, Barty, Edom, and Jacob on Christmas. This didn't work for Junior. Strangely, when he focused on a mental image of any fruit—apple, peach, banana—his thoughts drifted to sex. He became aroused and had no hope of clearing his mind. THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name. When the waiter had gone, Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise." Focus. Prepare to kill Bartholomew and anyone who tries to protect Bartholomew on January 12. Prepare for all contingencies. Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s?ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint. From a cutlery drawer, Tom withdrew a knife. The largest and sharpest blade in the small collection. In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown. The cop had unzipped the top of her jogging suit and pulled up the roomy T-shirt. "Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue. When the nurse was gone, alone with his mother as they waited for the orderly to bring a gurney, Barty said, "Come close." An overflow crowd of mourners had attended the services at St. Thomas's Church, standing shoulder to shoulder at the back of the nave, through the narthex, and across the sidewalk outside, and now everyone appeared to have come to the cemetery, as well. This back blow wasn't just sport, either, but more like Vietnam as lie sometimes told women that he remembered it. As though pitched by a grenade blast, Junior went from his feet to the floor with chin-rapping impact, teeth guillotining together so hard that he would have severed his tongue if it had been between them. Junior was starving, but he didn't trust his bowels enough to risk dinner in a restaurant. The affliction seemed to have passed, but it might recur when he had food in his system again. Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed. She was astonished and moved. "I'm a hopeless throwback to the nineteenth century. How could you realize what's been on my mind?" "We don't believe it does, do we, Daddy? We don't believe blood tells. We believe we're born to hope, under a mantle of mercy, don't we?" Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch. AS THE WULFSTAN PARTY was being seated at a window table, slowly tumbling masses of cottony fog rolled across the black water, as if the bay had awakened and, rising from its bed, had tossed off great mounds of sheets and blankets. As a homicide detective, Vanadium had a career-spanning ninety eight percent closure-and-conviction record on the cases he handled. Once convinced he had found the guilty party, he didn't rely solely on solid police work. He augmented the usual investigative procedures and techniques with his own brand of psychological warfare—sometimes subtle, sometimes not—which frequently encouraged the perpetrator to make mistakes that convicted him. Fortunately, he recognized his vulnerability. Until the evening reception for Celestina White, he must spend every hour of the day in calming activities, soothing himself in order to ensure that he would be cool and effective when the time came to act. "Well, with so much on His shoulders, He can't always watch us directly, you know, with His fullest attention every minute, but He's always at least watching from the corner of His eye. You'll be all right. I know you will." Life was too short to waste it working if you had the means to afford lifelong leisure. Grace White was petite, and Paul wasn't. Otherwise he might not have been able to halt her determined rush toward her husband, might not have been able to scoop her off her feet and, carrying her in his arms, spirit her to safety. Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible. Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate. By the time all the details of mortuary and cemetery services were settled, Walter Panglo had a nervous tic in his left cheek. His eyes were open wide, as if he'd been so startled that his lids froze in a position of ascension, locked by a spasm of surprise. His hands must have grown clammy; he blotted them repeatedly on his suit. Curiously, reciting these facts usually calmed him, as though speaking of disaster would ward it off. Since Friday, however, he had found no comfort in his usual routines. Retracing his path across the kitchen, he caught a faint whiff of jasmine from the backyard. Funny, jasmine here inside. Two paces later, he felt a draft. Anyway, if Seraphim were still alive, she would be only nineteen now, too young to have graduated from Academy of Art College. If someone were here in the hallway with him, it couldn't be Angel, because she would be chattering enthusiastically in one voice or another. Uncle Jacob would never tease him like this, and no one else was in the house. Tom knew only three of the eight. Grace White, Angel, and Paul Damascus. The others were introduced quickly by Celestina. Agnes

Lampion, their hostess. Edom and Jacob Isaacson, brothers to Agnes. Maria Gonzalez, best friend to Agnes. And Barty..Jacob was hiding something. Until he had spoken of Josef Krepp, his every response had been formed as a question, which had always been his preferred method of avoidance when conversation involved a subject that made him uncomfortable..Licky did not take him into the roaster tower, but back to the barracks. From a locked room he brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to show Otter the little pool of dusty brilliance lying in it. When he closed the bag the metal moved in it, bulging, pressing, like an animal trying to get free..PZ7.L5215 Tal 2001 [Fic]-dc21 2001016554.Maria fished another chip from the sweating carafe, rejected it, and scooped out a larger piece. She hesitated, staring at it for a moment, and then spooned it between Agnes's lips. "Water can to be broken if it will be first made into ice." Barty set one other rule: "Without dying first ... and you have to be sure you can get back." In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby.."It's all right," Tom assured her. To Angel, he said, "No, I'm not sad. And you know why?".Nothing in his reading offered a satisfactory explanation for what had been happening to him. None of the women filled the hole in his heart, and all of the Bartholomews were harmless. Only the needlepoint offered any satisfaction, but though Junior was proud of his craftsmanship, he knew that a grown man couldn't find fulfillment in stitchery alone.."Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes..For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him..Spruce Hills, but also those in the entire county, maybe seventy or eighty thousand.
